## **BAMN Mass Meeting on Shutting Down and Defeating the Fascists and Building the Movement to Get Trump Removed:**

Friday, August 25 at 7 pm at Sproul Hall steps, UC-Berkeley (north of Bancroft + Telegraph)

Stopping cold-blooded fascist murder and assaults in Charlottesville from being repeated will take mass, direct action. Neo-Nazis and KKK supporters, emboldened by Trump, are trying to grow and recruit. They are coming to San Francisco and Berkeley August 26-27 to terrorize and attack the Bay Area community. Their targets will be immigrants, black, Latina/o, Asian, Arab, Native American, Jewish, Muslim, and LGBTQ members of the community. All who stand against racism and the growth of fascism in America must unite and shut down their murderous efforts before they carry out any more attacks.

The tragic murder of Heather Heyer and assaults on dozens of others in Charlottesville teaches the painful lesson that whenever Nazis and other white supremacists are able to gather, they are emboldened to carry out violent attacks. Ignoring them doesn't make them go away; it only strengthens them. In Charlottesville, Nazis and KKK supporters attacked students, residents, and clergy even before the official rally started. On Friday night, students were viciously attacked by a torch-carrying lynch mob, and clergy were attacked by the same fascists the next day in broad daylight, hours before the official rally began. All this happened while police standing by did nothing to stop them.

Siva Vaidhyanathan, Charlottesville resident and Professor of Media Studies at the University of Virginia, who had ignored the fascist rally and instead went to the campus for a series of teach-ins on the danger of fascism, reflected in his OPED to the *New York Times*, "I now believe we made the wrong choice... Next time I will stand on the street

with my neighbors, even at the risk of injury or death. It's the least I can do to repay those who stood bravely this time."

The Resistance movement against Trump can force Trump to resign or be removed, as long as we independently organize and continue to fight in the streets, our schools, and workplaces. As long as Donald Trump is President, the alt-right and fascists will be emboldened and continue to organize and make attacks. Taking matters into our own hands, mobilizing our own community defense, we have the power to stop the growth of fascism in America. We have the power to force Donald Trump out. Join BAMN to organize, fight, and win.
